RAYZ™

Pioneer

Smarter Together.

The iPhone's perfect Appcessory.

For decades, accessories provided a passive experience, without the intelligence to adapt to their environment or automatically tune themselves to user's needs. Not anymore. With the latest Lightning-powered technology and integrated software, Rayz are a new category of Appcessories that work with your iPhone like nothing before. Rayz give everyone greater customization, capability, and controls, wherever they go. These are today's smartest appcessories for a new generation of iPhone lovers.

Lightning Smart.

No Battery - Powered by Lightning

Lower current consumption than any other Lightning headset.*

Charge and Talk

The Rayz Plus is the only lightning earphone that lets you charge your iPhone while you talk.

Smart Noise Cancelling

Adapts its noise cancelling to your ear and the world around you.

First of its Kind

The world's first earphone to use 2nd generation Lightning Audio technology.

RAYZ™ PLUS

Lightning Smart

Smaller

Module Technology
Rayz are the world's first earphone to use Apple's Next Gen Lightning Audio Technology, delivering more features in the smallest of sizes.

Compact Design
Rayz are full-featured earphones that don't compromise on size. No battery. No charging cable. Small enough to go anywhere, anytime, Rayz are the perfect balance of size and technology.

Lightning-Powered
Lower current consumption than any other Lightning headset. *Comparison based on same mode of operation.

Integrated Charging Port
The only earphone that allows you to talk and charge while plugged into the Lightning port.

Smarter

AutoPause
Rayz know when you're using them. Take them out, and they automatically pause your movie or music. Put them back in and music resumes.

HearThru™ Mode
Rayz' HearThru mode passes ambient sounds through your noise cancelling, for greater awareness of your environment. Everything from the honking car, to the barista calling your name.

Smart Button
With one touch, bring up your favorite app, mute/unmute calls, or launch the Rayz controls. It's the easiest way to get to the things you love.

More Personal

Smart Noise Cancelling
Rayz tailors its performance to your ear, and adjusts its noise cancelling to the world around you, so you can focus on the things you want.

Personalized App
Customize your earphone and smart button settings. Software updates are delivered automatically, bringing new features and capabilities.

Smart Mute
The moment you stop speaking, Rayz microphones automatically go on mute. Perfect for all those coffee shop conference calls.

Hey Siri
Rayz earphones are the first to automatically recognize "Hey Siri" commands to easily make a call, send a message, listen to music and much more.
