## VoiceTracer

### Audio Recorder

For music, lectures and interviews

3 high-fidelity microphones

24bit / 96kHz recording

Remote control & sharing app

Tripod thread

DVT6110

## Exceptional recording, shared instantly

Capture music in outstanding definition and stunning clarity with three high-quality microphones. The remote control enables convenient operation, even from a distance. HighFidelity music recording as its best.

### Superior audio quality

- Three high-fidelity microphones for best-in-class music recording
- 24bit/96kHz quality recording for capturing every beat
- MP3 recording for easy file sharing

### Easy and intuitive experience

- 8 GB memory built-in for up to 88 days of recording
- Rechargeable Li-ion polymer battery for extra-long recording
- Smartphone app for remote audio control
- Smartphone app for easy sharing of recordings

### Designed around you

- Large color display for clear recording status information
- Audio scenes for automatic perfect audio settings in any situation
- Smart audio recording and playback functions for best recording results

# Highlights

## Three microphones and high fidelity recording

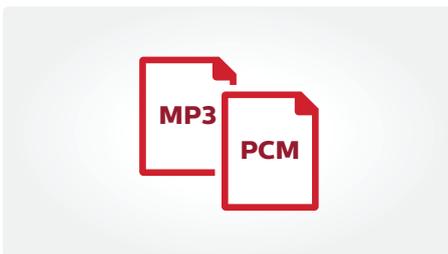

Several key components are needed to record music as naturally as possible in studio-like audio quality: high signal-to-noise ratio, highly dynamic microphones to capture soft tones as well as loud drums, a high-quality microphone suspension to avoid pickup of grip noise, a strong left and right channel separation for human ear live-like effect.

## 24bit / 96kHz quality recording

The VoiceTracer captures music in spectacular 24bit / 96kHz quality recording. This uncompressed recording makes sure you capture every beat in the most natural and crisp audio quality possible.

## MP3 recording

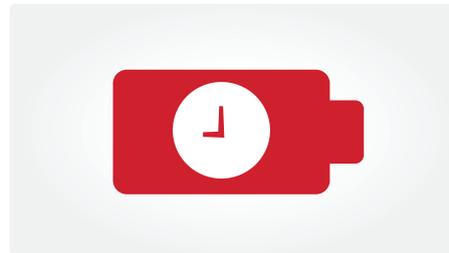

Capture your recordings in MP3 format. The popular file format allows you to play back your files virtually anywhere and simply share them with others.

## 8 GB internal memory

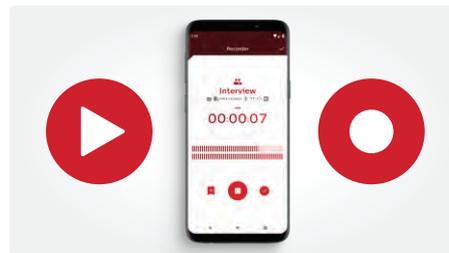

Capture and store up to 88 days of continuous recording thanks to the 8 GB of internal memory.

## Extra long battery life

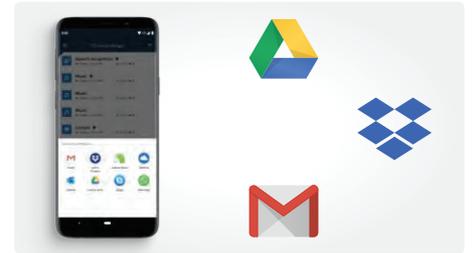

The high-capacity Li-ion polymer battery can be easily charged through a standard micro USB jack. This guarantees extended battery life for extra-long recording ensuring that your recorder will always be ready to work when you are.

## Remote control

Control your audio recorder using your smartphone, even from a distance. The Philips VoiceTracer app makes recording events such as lectures much easier and more convenient. You can place your recorder in the front of the room near the speaker, take a seat at the back, and still control and adjust the recording comfortably and without interrupting the lecture. The Philips VoiceTracer app can be downloaded for free from the Apple App Store or Google Play Store.

## Easy sharing

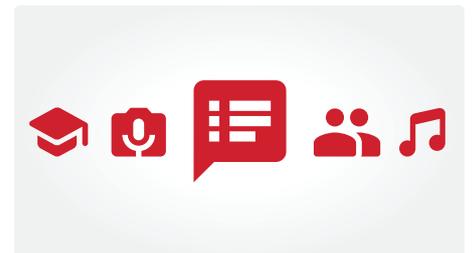

Transfer your recordings straight from your Philips VoiceTracer to your smartphone via Wi-Fi and instantly share them with friends and family using the convenient Philips VoiceTracer app. No need to attach the recorder to your PC using a cable anymore to transfer and share files.

## Large color display

The large color display offers sharp images, making it easier to see and read everything at first glance. The clear user interface supports eight languages and is optimized for easy, intuitive operation.

## Audio scenes

The Philips VoiceTracer comes with pre-installed scenes which automatically adjust the recorder's audio settings depending on what you want to record, whether it is notes, audio for speech recognition, interviews, lectures, music or meetings.

# Highlights

## Plug and play

Thanks to Plug and Play in Windows, macOS and Linux, you can quickly access your recordings without installing any additional software. The recorder is automatically displayed as a removable drive once connected to your computer via USB. It can also be used as a convenient way to store, back up and share files.

## Smart recording functions

Smart recording functions make it even easier to achieve stunning audio results. The pre-recording and timer functions make sure you don't miss a single bit. Voice-activated recording is a convenient feature for hands-free recording which pauses recording when you stop speaking and resumes automatically when you begin speaking again. Recordings can be edited by overwriting a part or adding a new recording at the end. Long recordings can be split automatically or manually into separate files for easier editing or sharing. Smart playback functions, such as bookmarks and filters, also make it easier and quicker to find the recording you are looking for.

# Specifications

## Connectivity

**Headphones:** 3.5 mm, impedance 16 Ohm or more

**Microphone:** 3.5 mm, stereo socket, impedance 2 kOhm

**USB:** type C, high-speed USB 2.0

## Wireless connectivity

**Free remote control and sharing app**

**Supported operating systems:** Android 9/8/7/6, iOS 12/11

**Wi-Fi communication mode:** personal/mobile hotspot on smartphone (tethering)

**Wi-Fi standard:** IEEE 802.11 b/g/n/e/i (2.4 GHz only)

**Wi-Fi security:** WPA/WPA2-PSK, WPS

## Display

**Type:** LCD color display

**Backlight**

**Diagonal screen size:** 2 in/5 cm

**Resolution:** 240 × 320 pixels

## Audio recording

**Built-in microphone:** 2 omni-directional microphones for stereo recording, 1 directional microphone for distance zoom recording

**Recording formats:** MPEG1 layer 3 (MP3), PCM (WAV)

**Recording quality:** MP3 (8, 32, 64, 96, 128, 192, 256, 320 kbps), PCM (22 kHz/16 bit, 44.1 kHz/16 bit, 48 kHz/16 bit, 96 kHz/24 bit)

**Audio scenes:** Note, Speech recognition, Interview, Lecture, Meeting, Music, Video, Custom

**Recording time (built-in memory):** 2147 h (MP3, 8 kbps), 536 h (MP3, 32 kbps), 268 h (MP3, 64 kbps), 178 h (MP3, 96 kbps), 134 h (MP3, 128 kbps), 89 h (MP3, 192 kbps), 67 h (MP3, 256 kbps), 53 h (MP3, 320 kbps), 24 h (PCM, 22 kHz/16 bit), 12 h (PCM, 44.1 kHz/16 bit), 11 h (PCM, 48 kHz/16 bit), 3 h (PCM, 96 kHz/24 bit)

**Pre-recording mode:** 5, 10, 15 seconds buffer

**File editing function:** overwrite, append

**Auto-divide function:** 15, 30, 60 minutes

**Auto-bookmark function:** 5, 10, 15, 30, 60 minutes

**Bookmark function:** up to 99 per file

**Voice-activated recording:** 24 levels

**Instant one-touch recording**

**Record monitor function**

**Recording timer**

**Wind filter**

**Limiter (attack time/decay time):** slow (32/128 ms), medium (16/64 ms), fast (8/16 ms)

**Noise-cut**

## Speaker

**Speaker output power:** 200 mW

**Speaker size:** 11 × 15 mm

**Frequency response:** 50–20,000 Hz

## Storage media

**Built-in memory capacity:** 8 GB

**Built-in memory type:** NAND Flash

**Mass storage class compliant**

**MicroSD card socket:** up to 32 GB

## Music playback

**Sound enhancement:** ClearVoice

**Equalizer:** Classic, Jazz, Pop, Rock

**Playback mode:** Repeat file, Repeat all, Random

**ID3 tag support**

**Variable playback speed**

**Supported file formats:** MP3, WMA

## Convenience

**Metallic tripod thread**

**Firmware upgradeable**

**Keypad lock**

**Multi language:** English, French, German, Spanish, Italian, Russian, Polish

**Variable playback speed**

## Power

**Battery type:** built-in rechargeable Li-ion polymer battery

**Battery capacity:** 1000 mAh

**Battery lifetime:** up to 36 hours of recording (MP3, 8 kbps)

**Rechargeable:** yes

**Charging time (full charge):** 3 hours

## System requirements

**Free USB port**

**Operating system:** Windows 10/8/7, macOS, Linux

## Design and finishing

**Color(s):** anthracite/chrome

## Green specifications

**Lead-free soldered product**

## Package contents

Recorder

Quick start guide

USB-C cable

## Product dimensions

**Product dimensions (W × H × D):**

4.7 × 12.9 × 1.9 cm / 1.8 × 5.1 × 0.8 in

**Weight:** 93 g/ 3.3 oz.

**GTIN-13:** 0855971006496
