

For a deep bass experience that will move the earth without costing the earth, the Seismix 3 Mk6 subwoofer is sure to rock your world.

You won't have to sacrifice musicality for low frequency output with this tuneful speaker that will allow you to truly feel the rumble of bass with supreme clarity.

A front-firing, vented subwoofer, the Seismix 3 Mk6 features a Krix designed 275mm long throw bass driver, developed specifically for high-level low frequency reinforcement. Enhanced geometry within the magnet structure increases linear cone travel by a whopping 30 percent and allows superior driver control, while the built-in high performance class D amplifier delivers increased sound efficiency with lower power consumption.

Not only capable of effortlessly producing seriously deep bass for your home theatre or sound system, the Seismix 3 Mk6 is available in five genuine timber veneer finishes or classic black woodgrain.

For the ultimate sound experience at home, play it through Krix.
